

Zen42, LLC Water Service Agreements

High Volume Water Reuse / No Capital Requirements / Fully Automated

Zen42 Water Service Agreements were developed as a direct response to the American poultry industry's request for high volume water reuse at competitive prices with no capital requirements.

Zentox Cascade® Water Reuse Systems provided under the **Zen42 Water Service Agreements** are specifically engineered to recondition water for poultry processing plants at up to 2000 gallons per minute. Water that has been reconditioned by a Cascade® System is guaranteed to comply with USDA water reuse guidelines and may be returned directly to the processing plant for a variety of applications including direct product contact.

Zentox Water Service Agreements Provide:

- High Volume **Cascade® Water Reuse Systems** (Up To 2 Million Gallons Per Day)
- Reconditioned Water at Less Than or Equal to Current Water Costs
- Automatic Price Decrease Each Year
- 100% Performance Based – Only Pay for Acceptable Reuse Water
- Complete, Engineered, Installed and Performance Guaranteed Process
- No Capital Required / No Balance Sheet Impact
- Reuse Savings That Begin Day One
- An Agreement That Can be Treated as Operating Expense
- Reuse Water That is HACCP / USDA Guideline Compliant
- Fully Automated, Hands Off Systems
- Extensive Water Reuse Experience
- Reuse Process Evaluation, Design and Engineering
- In-Plant Reuse Distribution System - Design and Engineering

Zentox Water Service Agreements Include:

- Fully Automated Water Reuse Treatment System
- Treated Water Storage Tank
- Infrastructure (In-Plant and Out), i.e. Piping, Pumps, Electrical, etc.
- Complete, Turn-Key Engineering, Equipment Supply and Installation
- Guaranteed USDA Compliance
- All Scheduled Preventive Maintenance
- All Parts and Labor
- Emergency Service
- Telemetric, Internet Based, 24/7 Monitoring
- Documented System Efficiency Reports
- Interface With Existing SCADA systems

High Volume Water Reuse !

Finally It's Affordable !
